Patient Health Insurance Verification Form: Acupuncture Benefits

Please note: This form is provided as a courtesy by Foster Wellness for your personal reference. It provides key questions to ask your insurance representative in researching your health insurance benefits for coverage of acupuncture which must be determined prior to your first visit for treatment.

While the information provided by your insurance company provides guidelines as to what they will and won't cover, ultimately your coverage is determined on a claim-by-claim basis at the time the claim is submitted. If all or part of your claim for a particular treatment is denied, you will be financially responsible for any services not covered by insurance.

If you have any questions, please contact Foster Wellness at info@fosterwellness.com or 206.856.4096.
